

November 3, 2015

The following was sent to the KYAE listserv.

OCTOBER CHALLENGE RESULTS

OCTOBER CHALLENGE RESULTS: No candy corn but still sweet!

While we didn't meet our goal of 4,100 GED Ready™ tests administered in October, your hard work paid off!

- The 3,193 GED Ready™ tests administered in October represent the highest number of tests administered in the fiscal year thus far!
- The individuals who took these tests are that much closer to earning a GED® diploma – perhaps by the holidays? (What a great gift!)
- The more GED® diplomas earned in your program, the closer you are to being in the running for the opportunity to send instructors to [COABE in Texas in 2016!](#)

Keep up the good work!

Reminder: Check out your GED Ready™ Candidates report in KAERS to see if any of your students are potential GED Ready™ test candidates! Currently, there are more than 200 students at a level 6 who have yet to take their first Ready™ test. Take a look at your report today!
